## Press Release

*May 1, 2014*

iLevel Management Inc. is happy to be celebrating its 1<sup>st</sup> year in business!

We would like to use this opportunity to thank all of our vendor partners in trusting us with their business in the Canadian marketplace. Additionally, the support we have been receiving from our distributor and retailer partners is greatly appreciated. With the backing of everyone iLevel Management Inc. has been able to establish a strong and reliable business in a very competitive environment. We continue to grow and add value for all our stakeholders and are looking forward to the years to come.

As we celebrate our 1<sup>st</sup> year, iLevel Management Inc. is proud to be supporting a few Canadian charities. We believe in order to define success you must first be able to give back to communities in need. These two charities resonate with iLevel Management Inc. and we are happy to donate and support them.

Single Mothers in Progress, otherwise known as SMIP, is a Non-Profit Organization that was created to give single mothers the opportunity to provide more stable, safe, and organized homes for their children. We provide many services and programs to help both the children and mothers grow, increasing their chances of finding prosperity, growth education, and stability inside the homes of our community, allowing the children to grow and become valuable citizens in our society.

Cause We Care Foundation is a Vancouver-based registered charity, founded to assist local single mothers and their children in need. Since 2007, we have provided a 'hand up' to those dealing with poverty and the everyday challenges it brings. In concert with our volunteer base, we assist families in need within the Greater Vancouver area through a variety of annual outreach initiatives.

Thank you,

Jimmy Vaid
